IN PROCESS

This rustic plot of 14,700m², located 2 km from Lloret de Vistalegre and 3 km from Montuiri, offers a rectangular, flat and vegetation-free plot of land with south orientation and unobstructed views of the countryside. Although it does not have water or electricity on the plot, it is ideal for building an isolated single-family home with a pool. We have an architect to help with the project. This property offers a unique opportunity to create your dream home in a peaceful rural setting with stunning views.
